PROFILE

As a B.Tech Computer Science Engineering graduate with a strong foundation in data analytics, Proficient in leveraging tools like Power BI, SQL, and Excel to create dynamic and insightful dashboards. I thrive in collaborative settings and quickly grasp new technologies. My expertise lies in transforming complex datasets into actionable insights, enabling data-driven decision-making.

INTERNSHIP

Data Science Intern   Jan 2024-April 2024
Ecube Analytics Technology

- Our house price prediction project begins with designed the frontend for six different cities, and developed a backend application focused on routing functionalities.
- Gained hands-on experience with data preprocessing, exploratory data analysis (EDA), and implementing various machine learning algorithms.

PROJECTS

Ecommerce Sales Dashboard

- Developing an e-commerce sales dashboard provides a comprehensive overview of sales performance by collecting data in Excel and visualizing it in Power BI.
- Done data cleaning, filtering, preprocessing that makes data in structured format.
- Made interactive dashboards that display KPIs, Top 5 states , Top sub category in Power BI.

Store Analysis Dashboard

- Created dynamic dashboard using Excel.
- Done data cleaning, filtering and preprocessing.
- Created report using Pivot tables and Pivot Charts, KPI for data analysis.
- Applied mathematical functions for data transforming.

EDUCATION

B.Tech (Computer Science)   2020 – 2024
Bhagwan Arihant Instititute Of Technology │ **CGPA- 9.03**

Highest Secondary Certificate   2019 – 2020
Leo Of sunrays school │ **Score- 63.69%**

Secondary School Certificate   2018
Mahatma Gandhi Vidhya School │ **Score- 77%**

CERTIFICATIONS

- Certificate Course in **Microsoft Power BI** from Udemy (2024)
- Certificate Course in **Microsoft Excel Beginners to Advance** from Udemy (2024)

SKILLS

- **Hard Skill :** HTML, CSS, Python, Power BI, SQL, MS Excel, Machine Learning, Data Science, Statistics

- **Soft Skill :** Critical Thinking, Quick to Adapt, Communication
